2026 MOCP Midyear Report

MOCP continues to provide vital support to the orphans and caregivers in Malawi. Below is a summary of what is currently happening with our partners. From feeding hundreds of children each week to empowering young women and supporting university students, your gifts have transformed lives. Yet the need remains urgent. Rising costs, unpredictable harvests, and an ever growing demand means we must rely on continued financial support to sustain and expand this vital work. Your partnership is not just appreciated — it's essential. Together, we can keep hope alive in Kanyenyeva.

The Feeding Program averages 900 children and has returned to 6 days per week.

The Farm has a new irrigation system in place to support the banana trees and continues to mature, but last year's drought and a predicted El Nino again this year has impacted output of harvests. However, the blue gum trees continue to grow as a harvest "crop."

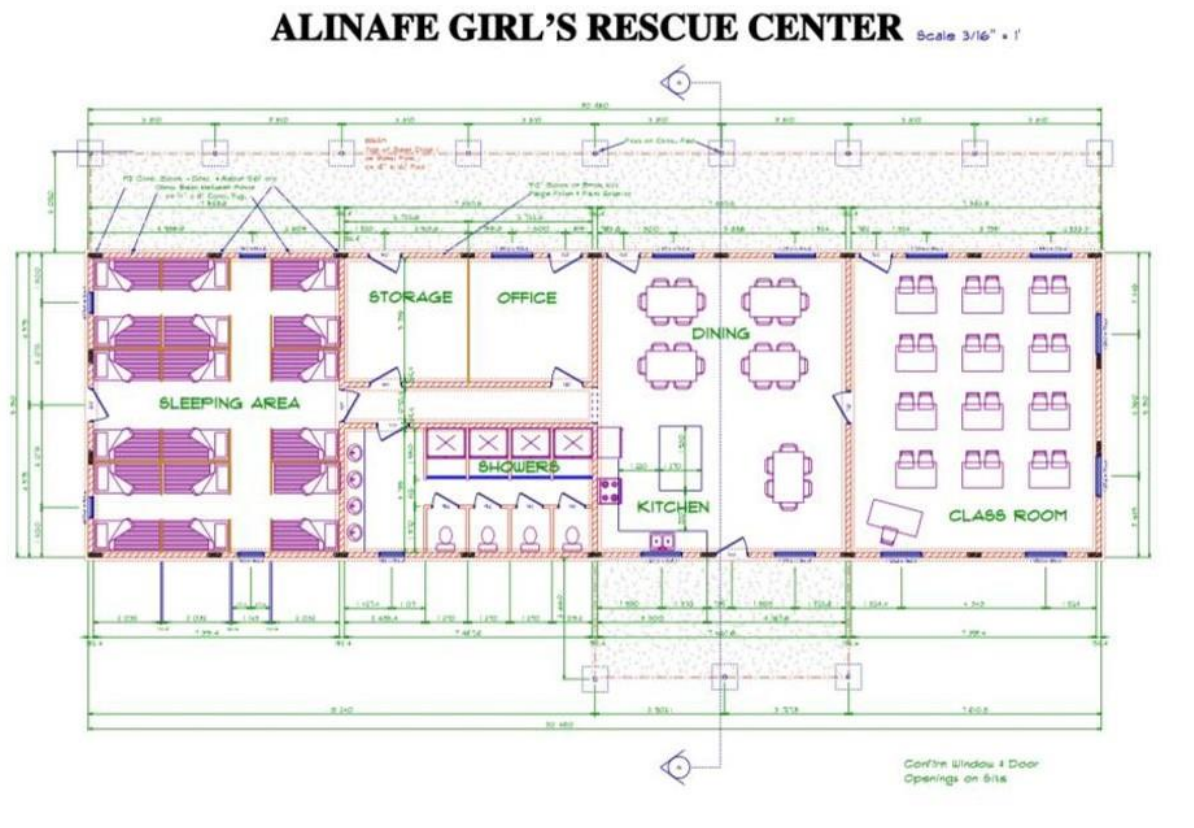

High School support is scheduled to enroll 88 students this year.

Our Boarding School Program now has 12 girls enrolled aided by a generous donation of financial support.

Two college students are waiting for graduation to be scheduled and three others are continuing with their studies. Each student is supported by donors committed to providing four years of college.

The Maize Mill continues to operate at the project. It supports the feeding program by grinding corn into flour and offers the milling process to regional villagers.

Kanyenyeva Wala continues to fulfill orders for Days for Girls Kits and supplies kits for girls in local communities. They are looking forward to a visit by an International Team **and CEO** for recertification inspection and continued training.

The Girls Rescue Center has started construction! The foundation for the first building that will contain a classroom, office and dormitory is in process. Construction of the building will occur this fall!

We need your support for these programs to continue and thrive. Please consider a donation to help maintain support for this project.

Thank you for your continued support that has made all of this possible!

Ongoing donations may be made through our website at www.4malawi.com or by mailing a check to:
